Bring your life to Focus...

without the hassles of Spectacles

Come,

***celebrate the
freedom from
Spectacles***

LASIK opens the door to a better quality of life
to those dependant on spectacles and
contact lenses

Is LASIK for you?

If you are anxious to get rid of spectacles and contact lenses LASIK is the answer.

LASIK is a laser-assisted surgery for correction of refractive error.

However, you should have the following eligibility to get LASIK treatment:

- Lens power of your spectacles should not have undergone marked changes in the past one year

Contact your eye doctor to make sure that your eyes are suitable for LASIK.

LASIK...

- is a simple, safe and quick procedure
- minimal discomfort
- leaves no scar
- has fast recovery
- has very low infection risk

A Newest in the New !

Zyoptix, the latest technology in LASIK procedure gives you a crystal clear and flawless vision by correcting your refractive errors in a customised manner. It involves less tissue removal.

LASIK clinic is functioning in Aravind Eye Hospital since 1998.

So far, 11,727 people from all over the country have availed of this procedure and no sight threatening consequences have been reported.
